Slovoed Deluxe Czech-English English-Czech

What's New In?

Professional translation tools designed for people who translate frequently. Features: Ease of Use: The interface is intuitive and easy to navigate. Search: The "Wildcard Search" feature allows you to search for a word in any form. Faster and more accurate translations: The grammar tool and dictionary work together to provide faster, more accurate translations. Search: The "Wildcard Search" feature allows you to search for a word in any form. Lots of input fields: Our multi-lingual interface allows you to type in words in any form. The Help is in Czech, English and German. Recognizes bilingual words: our dictionary recognizes words that are equally familiar in two languages. Search for words: the tool automatically identifies terms that appear as plurals, different verb forms, and other forms. Search for synonyms: The search window includes a sub-search box that you can use to expand or refine your search. Quick Translations: The visual presentation of the search results helps you find the right translation quickly. Plugins: add the ability to translate and search: the plugin directory helps you add more languages to the application, giving you a better translation experience.
