Hill, 711 F.2d 1564, 1577 (8th Cir. 1983) ("[I]nformation about the possession of legal ammunition is a matter of public interest."). The extent of Miller's crimes is readily apparent from the nature of the documents; they were addressed to the CIA, acknowledged his conviction, and requested leniency. Moreover, each document listed Miller's name and address in the subject line, providing a clear address for enforcement authorities to find him. Thus, "the fact that a specific individual becomes a target is a sufficient 'interest of the public' to warrant disclosure of the information." Id. Miller's status as a convicted felon is also a matter of public interest. While victim anonymity is often a concern in civil proceedings, there is no general right of victims to keep their names private. See Doe v. Nat'l Bd. of Med. Exam'rs, 199 F. Supp. 2d 1167, 1171 (N.D. AutoCAD 2008 64 bit folder is a 64 bit binary executable file which works with.This year I made the most delicious Christmas chocolate truffles and the truffle recipe I used was a modified version of the version listed in my Truffle Book. So if you have any questions please let me know. They were a huge hit at parties and our holiday card. Yesterday while perusing through the fruit bowl one evening, I was reminded of the goodness that was once within it. I was reminded of the joy of some of the treats I used to love and the delicious bite of that flavor. So for this recipe I'm going to play "the flavor song" and sing, "This fruit cake, made with cherries, has become part of my harvest ... and then I found it, deep in the depths of the fruit bowl, waiting for my attention". In the words of the "Honeybaked Ham" music group, "I found a little piece of heaven in my fruit bowl ... ". This cake is sweet and moist with a delicious fruity flavor and set with just a hint of spice with this cinnamon glaze. I adore the Dutch Oven method of cake making and love to bake cake in this old-fashioned cast iron skillet. The beauty of the cast iron skillet is that it is non-reactive so no nasty chemical reactions occur when these pans bake. If you have never used this method of baking a cake, I would advise you to try it. My cast iron pans are 8.5 inches in diameter, about 3 inches deep with a depth equal to the baking tin. I like to bake small cakes like this one in a 9 inch cast iron pan. This recipe can be made in a mix, mix and bake, or self-mixing machine and I love the texture of the butter cake with a dusting of powdered sugar, and a thick glaze made with your favorite confectioners sugar and milk. It would be delicious with a dusting of powdered sugar and a drizzle of your favorite chocolate sauce. Mix all ingredients together and set aside. 0cc13bf012
